FOR DUN LAOGHAIRE-RATHDOWN

WOMEN'S PROGRAMME

Southside Partnership and women4women network DLR offer a programme each term for women living and working in Dun Laoghaire-Rathdown County.

Together we:

- organise networking events to create opportunities for women to meet, share and learn
- offer training, development and capacity building courses
- support migrant women in their integration
- network, lobby and advocate on local and national level
- assist women in taking part in the Women and Leadership Programme.

This programme will give you information about courses and events available from September 2018—mid February 2019. It is funded by different funding streams - the European Social Fund, Dublin & Dún Laoghaire Education & Training Board, dlr County Council, AMIF and Southside Partnership.

All women from the catchment area are invited to join the courses and events. The new upcoming European Project WEMIN is open to women from the wider Dublin region. In general the programme is free of charge, we only ask for a small contribution for materials for Arts & Crafts courses. Please have a look at our website www.women4women.ie for more information on our programme, news of the region and a Directory of Services for women in the Dun Laoghaire Rathdown County.

INTERCULTURAL EVENTS

The women4women network DLR organises regular International Women's Breakfasts in Dun Laoghaire-Rathdown. Women from different nationalities and cultures meet to celebrate, to learn and to share information and food. These breakfasts have attracted many women in the county since summer 2011. They are organised every 5 - 6 weeks by the network. Each breakfast is a feast of food from different countries as the women bring their own dishes from their country of origin. This is also a good opportunity to get to know women from the different areas in the county. The breakfasts are very often organised in conjunction with other organisations.

MIGRANT WOMEN EMPOWERMENT AND INTEGRATION

WEMIN is a new programme for migrant and refugee women and, in some aspects, also for Irish women. It is run by Southside Partnership Women's Programme and is supported by women4women network dlr. It will empower women to play an active role in their community.

Join the new project -

- to learn the English language and get support,
- to learn more about Ireland and services available to you,
- to meet new Irish women and women from different countries,
- to learn new Arts & Crafts together with Irish women and women from different countries.

We are inviting Irish and migrant women to co-create an Arts & Crafts exhibition in Autumn 2019. Together with a Community Artist individual women and existing Arts & Crafts groups/projects will have the opportunity to collectively create art around common themes.
